Description: A skill development program on Career Guidance and counselling was organized by the Career Counselling Cell of Dhruba Chand Halder College on 5th October 2023 (Thursday). In the inaugural session, Dr. Partha Biswas, co-ordinator, welcomed the Anudip Foundation's representatives. The principal of the college and Prof. Sudakshina Sengupta (IQAC Coordinator) explained the importance of this counselling session and adored this initiative. Students from different disciplines joined the session enthusiastically. Most notable was the presence of a lot of female students. In the present environment of multiple options, knowing about the available choices helps students in their decision-making process and she made them aware of the same in detail. Moving forward with the session, the representative of the Anudip Foundation emphasized the importance of pursuing an appropriate course after graduation and how career decisions play a pivotal role in shaping students' future growth and development. He also informed me that they were offering B.Sc. final year students and B.A. pass-out students a free-of-cost basic Java and web programming and job placement on completing the course.

The interactions at the question-and-answer session were beneficial for the students.
