Ref. No.....

Date.....20

## Procedures and Policies for Maintaining and Utilizing Physical, Academic and Support facilities:

- Infrastructure maintenance and development is a continuous process and hence, provisions are made for it every academic year. There are different committees to monitor the maintenance of the infrastructure and advise the Principal on matters relating to its augmentation.
- For all new constructions and renovations of the existing portions in a building, the Zilla Parishad is entrusted with the work order, so that the engineers, overseers and other technical personnel get the actual job done.
- As for the required funds, different bodies like the M.L A's Fund and M.P. Lad Foundation are usually approached but these have not yielded to any fruitful result so far. The college provided its own fund from the accumulations accrued at the Distance Education Centres and fixed deposits with different banks.
